THOMAS PAYNE® FURNITURE COLLECTION*

We invite you to rest comfortably after a long day's trek in Brookstone's new Thomas Payne Collection luxury furniture. Theatre seating with heat/massage, ample cup holders, & LED mood lighting is sure to be the fix for a long day of the weary traveler.

Brookstone's largest in class 78" tri-fold hide a bed sofa easily unfolds into nearly a king size bed. It's extremely plush & very comfortable. Just don't let your friends find out, or they'll want to come along!

KING BED LUXURY SUITE

All Brookstone models feature a king bed option (residential 60x80 queen is standard). When a king is selected there is still ample room to navigate around the bed due to this well thought out design. All Brookstone models include a stackable washer/dryer closet with prep, a large transom window, & ample under bed, wardrobe, & dresser storage. You'll also come to appreciate two bedside tables with cup holders, 110V outlet(s), dual USB charging, & a padded soft-touch headboard.

CHEF'S DREAM KITCHEN

Every detail was thoughtfully designed into each Brookstone kitchen. Our residential stainless steel appliances include a 14.7 cu. ft. refrigerator (with 1,000-watt pure sine wave inverter), a 30" OTR microwave, & a 21" matching oven with glass cover. There's ample counter space (all solid surface with matching sink covers), a large 50/50 stainless sink with high rise wand sprayer, & enough drawers & pantry storage for any extended voyage you have on the horizon.

DELUXE VIEWS AT THE BEST TABLE AVAILABLE

All Brookstone models come standard with extra-large free standing table & chairs. This well thought out design includes a hinged tabletop with storage in both table & chairs, a flip-up leaf for additional elbow room, & the best view in the park! UV blocking roller shades & extra-large, 80% privacy tint frameless windows are standard in all Brookstone models. All dinette windows open to allow a natural breeze from mother nature.

QUAD SOLID STEP® ENTRY

BROOKSTONE HD 1/2"
SHACKLES + WET BOLTS

TRADITIONAL SHACKLES
NO WET BOLTS

ROAD ARMOR® BY TRAIL AIR®

All Brookstone models include the industry staple Solid Step® entry, which features anti-slip, anti-corrosive tread plates, adjustable legs, & a much larger, more secure top step. These steps will maintain their sleek appearance for years to come, as they are stored securely inside the 5th wheel during transit/inclement weather. Each main entry is lit by convenient LED lighting for a safe passage to your new 5th wheel.

A smooth & stable journey is on the horizon with Brookstone's upgraded Road Armor® suspension (a standard feature in every Brookstone). This shock-absorbing equalizer is the first of its kind to dampen road shock & vibrations transferred from both the leading & trailing axle leaf springs, providing 360 degrees of protection. Independent testing proves that Road Armor was over 24% more effective in reducing frame chatter vs. other brands.

CONVENIENCE CENTER

DUAL AWNING OPTION

Brookstone utilizes a massive 10" drop frame for robust construction & best-in-class storage where Radiant Barrier insulation is found throughout. Within, our many features include remote heated gate valves, water filtration prep, outside H/C shower, black tank flush, independent satellite feeds, a water heater bypass valve, battery kill switch, & 6-point auto-level controls.

Enjoying the great outdoors is what its all about at Coachmen, & Brookstone's dual awning option/slide topper packages (per model) are sure to help turn your camping experience into a lifetime memory. All Brookstone electric awnings feature quick pitch technology, which enables water to roll off either side of the awning with a simple tug. TV brackets, LED marine grade outside speakers, & LED awning lights are all standard features in Brookstone.
